DEMOCRATIC CONVENTION OPENED TODAY NOON

McADOO REMAINS AN ENIGMA, WITH GLASS ASSERTING HE WILL SERVE IF HIS PARTY INSISTS

WILSON IS LAUDED, LEAGUE ENDORSED BY CUMMINGS IN KEY NOTE ADDRESS

Temporary Chairman Upholds Administration in its Every Act.

REPUBLICAN PLATFORM PICTURED AS EVASIVE

Achievements of Party While in Power Are Eloquently Proclaimed.

(International News Service)
SAN FRANCISCO, June 28.—"Let the purpose of our party be clearly understood. We stand squarely for the same ideals of peace as those for which the war was fought. We support without flinching the only feasible plan for peace and justice. We will not submit to the repudiation of the peace treaty or to any process by which it is whittled down to the vanishing point. We decline to compromise our principles or to pawn our immortal souls for selfish purposes. We do not turn our backs upon the history of the past three years. We seek no avenue of retreat. We insist that the forward course is the only righteous course."

"We seek to re-establish the fruits of victory, to reinstate the good faith of our country, and to restore it to its rightful place among the nations of the earth. Our cause constitutes a summons to duty. The heart of America stirs again. The ancient faith revives. The immortal part of man speaks for us. The service of the past, the sacrifices of the war, the hopes of the future, constitute a spiritual force gathering about our banners. We shall release again the checked force of civilization and America shall take up once more the leadership of the world."

This was the challenge of democracy, as voiced here today by Homer S. Cummings, chairman of the democratic national committee and temporary chairman of the national convention, which he delivered his "key-note" speech. As Mr. Cummings concluded he received an ovation, and throughout his address, one of unusual eloquence, he was often interrupted by applause.

The "key note" address pointed to the achievements of the democratic party since it has been in power, took credit for the winning of the world war, ably defended President Wilson against the attacks of his critics, advocated America's acceptance of her full responsibility toward the world and denounced those who had maligned the executive during his illness. The republican platform was attacked as evasive and uncertain.

Extracts from the address of Mr. Cummings follow:

Republican Leadership
The Republican Party was unsuccessful in the elections of 1912 because it had persistently served special interests and had lost touch with the spirit of the time. Those who controlled its destiny derived their political inspiration from "the good old days of Mark Hanna" and neither desired a new day nor were willing to recognize a new day when it had dawned. To each pressing problem, they sought merely to reapply the processes of antiquity.

There were elements in the Republican Party which were intolerant of its mental sloth and moral irresponsibility. These influences sought to gain party control in 1912 and again in 1916. They renewed the hopeless struggle at the convention recently held at Chicago.

Despite these efforts, the leaders who have manipulated the party mechanism

TODAY'S CONVENTION PROGRAM
Convention formally opened at 12 o'clock by Vice Chairman J. Bruce Kremer.
Prayer by the Rev. T. L. Ryan of San Francisco.
Reading of the call for the convention.
Introduction of National Chairman Homer S. Cummings, who will deliver the keynote address.
Announcement of committees.

(International News Service)
AUDITORIUM, SAN FRANCISCO, June 28.—When the curtain went up today in the first brief scene of the great democratic convention, the 4,368 delegates and alternates assembled under J. Bruce Kremer's gavel came to attention to listen to the eloquence of Homer S. Cummings in his remarkable key note speech. They were still in confusion in respect to the party's standard bearer with Governor Cox of Ohio much on their lips and Wm G. McAdoo, the big convention conundrum, standing forth very broad before their gazes. Early indications were that today's session would last only about three hours.

The key note address of Mr. Cummings, as he displayed the administration's achievements, was warmly applauded. Throughout it all, however, the air was charged with a holiday frivolity. Vice Chairman Kremer beat heavily with his gavel to bring the vast audience to a point of business. Every one of the 10,000 seats had been occupied and about half the population of San Francisco was hanging around the sides, yearning to get in. Feminine attire took on the glory of flowers. California women go in for style and the well dressed visitors met serious rivalry. However politically minded, they did not seem to neglect any fluffy ruffled details. For the first time at a political convention, women acted as ushers. 100 beautifully dressed coeds from the University of California held this new job. Shortly after the convention opened a huge flag, said by some to be the largest in America, was unfurled from the ceiling of the auditorium. The band struck up patriotic airs and three U. S. Marines came onto the stage, the middle bearing a huge U. S. flag. Marine buglers then arose and sounded call to colors.

The vast audience leaped to its feet, while the huge organ and band joined in a rendition of the national anthem. Vice chairman Kremer then made his short address. The same sound magnifiers in use at Chicago were in use here, and carried the speaker's voice to every section of the building.

Wm Jennings Bryan sat in the Nebraska delegation. Charles F. Murphy sat with the Tammany crew. Both were very quiet. Senator James Hamilton Lewis with his pink whiskers was very much on the job. Burris Jenkins, of Kansas City, who declared that he will put McAdoo in nomination, was greeted on every side by "are you really honestly going to do it?"

COLBY FLOOR LEADER
(International News Service)
SAN FRANCISCO, June 28.—Secretary of State Colby will direct the administration forces against the league of nations offensive of William J. Bryan and Senator Walsh of Massachusetts, it was announced today. The substitution of Senator Robinson of Arkansas for Colby as permanent chairman of the convention was agreed upon after President Wilson had expressed a desire that Mr. Colby be allowed to act as administration floor leader. Supporters of the President declare that they are confident Colby will prove a match for either Bryan or Walsh.

WOMEN ARE DOMINANT
(International News Service)
SAN FRANCISCO, June 28.—Democratic women today hold a dominant position in the national convention. The women have 104 votes and by their combined strength may hold the control in any deadlock which arises.

"Women really come into their own in politics today," said Mrs. George

Bass, chairman of the woman's bureau of the convention.
TEMPORARY LULL
(International News Service)
SAN FRANCISCO, June 28.—A temporary lull came today in the hotel lobbies when the democratic delegates and visitors adjourned to the flag-draped auditorium to hear National Chairman Homer S. Cummings' key note speech, formally opening the 1920 campaign. Cummings' speech was the outstanding event of the day, following which the delegates and visitors will go back to their hotels to resume the fight over the platform.

The convention was formally called to order at noon, which is 3 o'clock eastern time. The business of the first day is as usual routine, and will be gotten out of the way as quickly as the enthusiasm of the crowd will permit.

WEATHER IS COOL
(International News Service)
SAN FRANCISCO, June 28.—The weather today was cool and slightly overcast.

LIQUOR PLANK OUTLINED
(International News Service)
SAN FRANCISCO, June 28.—In an effort to prevent a fight in the convention over the wet and dry issue, the administration leaders who claim to control at least two-thirds of the resolutions committee have decided on a plank that while evading a declaration on light wines and beer will be confined largely to the President's veto of the Volstead act and to an endorsement of the president's attitude toward prohibition enforcement, it was apparent today. The plank would declare for the strict enforcement of law and order, but would point out the danger of congress overstepping its prerogatives.

McADOO AN ENIGMA
(International News Service)
SAN FRANCISCO, June 28.—Wm G. McAdoo remained the enigma of the democratic convention today. The forces behind Governor James M. Cox privately declare that McAdoo is final in his refusal to run and are claiming a heavy over-Sunday gain for the Ohio candidate. They allege that on a third or fourth ballot "we will be swinging better than 600 votes."

This statement is made on the assumption that McAdoo will stick to his declaration.

On the other side, Senator Carter Glass of Virginia says, "I have assumed all along and do now that Mr. McAdoo will run if the nomination is forced upon him."

Late Sunday a poll was taken of state delegations and roughly stated McAdoo got 260 votes on the first ballot. On the second ballot he "jumped high."

MARSHALL ON COMMITTEE
(International News Service)
SAN FRANCISCO, June 28.—Vice President Marshall will represent the Indiana delegation on the resolutions committee.

YORK FOR TYSON
(International News Service)
SAN FRANCISCO, June 28.—Sergt. Alvin York, the world war's greatest individual hero, was thrown into the political limelight today. York announced that he endorsed Brigadier General T. B. Tyson, Tennessee's candidate for vice president.

PETITION TO RAISE IN WATER RATES IS SET FOR HEARING ON THE FIFTH OF JULY

Formal Notification is Received
Today by Mayor James A. Nelson.

SIMILAR REQUEST WAS
DENIED BY THE COUNCIL

Albany City Fathers Refer Company to Commission.
Tip is Taken.

The petition of the Alabama Water company for an increase in water rates in Albany and Decatur has been set for hearing on July 5 by the Alabama Public Service commission, according to formal official notification received today by Mayor James A. Nelson, of Decatur.

The water company seeks a schedule of rates for domestic water consumption as follows:

For 4 rooms, 2 faucets.....\$4.50
For 4 rooms, 4 faucets.....\$6.00
For 8 rooms, 5 faucets.....\$7.50

A similar request was submitted to the Albany city council several days ago and was set for hearing at a special meeting of the council June 23 when John B. Weakley, president of the company, was here in connection with the proposed increase.

On the afternoon of June 23 the water committee of the council met in a special session and after discussing the proposed increase, referred the water company to the public service commission.

The proposed increase is the first asked by the company since it was granted its local franchise in 1898 and is necessitated by the increased cost of materials and labor, according to the petition. It was understood here that the improvements included in the plans of the company call for the installation of a million gallon sedimentation tank, so that filtered water may be run into the mains at all seasons of the year. At present, during excessively hot weather, when the faucets are allowed to run, raw water is pumped and it is often discolored.

The formal petition has not yet been presented the Decatur council

MISS SAWYERS TO CLOSELY INSPECT THE TWIN CITIES

Miss Sheila Sawyers, recently named as sanitary inspector by Dr. Burton Austin, county health officer, began work today. Her duties include the inspection of cafes, hotels, restaurants, meat markets, dairies, slaughter pens, milk depots and alleys. Her entire time will be given to inspections in Albany and Decatur, it was announced.

The health department, which is now perfecting its organization, is making daily chlorine tests at the water plant, and has sent requests to Montgomery for containers so that the water consumed here may be analyzed at regular intervals. Until these containers are received, no water tests other than those as to chlorine can be made by the health department.

The state sanitary engineer has recommended the building of a 1,000,000 gallon sedimentation plant here, so that clear water will at all times be served to local customers of the water company.

Dividend Checks Are Mailed Out

Stockholders of the Tennessee Valley bank will receive welcome letters within the next few days. Dividend checks for five per cent, for the six months period to July 1, are being prepared today. The checks total \$7,500.

COUNTY HAS CHANCE TO OBTAIN LIBRARY, MRS. OWENS DECLARES

State Director Calls Attention to New Law Passed by Legislature.

LEGIONNAIRES AND KIWANIS GATHER TUESDAY EVENING

Members of the Kiwanis club and American Legion will hold a joint meeting Tuesday night at the Y. M. C. A. when final plans for the bridge stock campaign will be made. The meeting will open at 7:30 o'clock and Post Commander Raymond R. Brown and President Clifton today urged all members of both organizations to be present as a flying start will go far toward a successful campaign, they pointed out. No stock will be offered for sale at the meeting.

At a recent meeting of the two organizations the proposition made by the bridge people was accepted and the campaign will be pushed by members of both organizations.

PENN. RAILWAY MEN MAY STRIKE 11 A. M. TUESDAY

(International News Service)
PHILADELPHIA, June 28.—Unless the Penn. railroads meet certain demands of trainmen by 11 o'clock tomorrow morning a strike of 58,000 men in the service of the company is threatened.

The men, by an overwhelming vote, decided to quit their places if their demands are not met immediately, at a mass meeting which ran into the early hours of this morning. Among the demands made are the dropping of all criminal charges against Harry Jeffrey for acts performed by him as a union official.

BRONZE TABLET IS TO BE UNVEILED

BIRMINGHAM TO HONOR MEMORY OF THE RAINBOW DIVISION MEN.

BIRMINGHAM, June 28 (Special)—One of the big events at the first annual convention and reunion of veterans of the famous Rainbow division in Birmingham July 12, 13 and 14 will be the unveiling of a bronze tablet to the memory of Jefferson county, Alabama, Rainbow boys who made the supreme sacrifice.

This tablet will be placed at the center span of the Rainbow viaduct, which stretches from First avenue to Avenue A along Twenty First street. The viaduct was dedicated to the Rainbow division in May, 1919, and was named "Rainbow viaduct" by the city commission at the suggestion of Miss Billy Burke, Birmingham newspaper woman, who christened the bridge.

The unveiling of the tablet on July 14 will be preceded by a monster parade through the principal streets of the city. Divisional officers for the Forty-second will take part in the ceremonies, and Secretary of War Newton D. Baker, and General Peyton C. Marsh, Chief of staff, have been invited to be present.

Citizens of Birmingham have raised a huge fund to be expended for amusements and other entertainments for the delegates to the Rainbow reunion. A sports carnival will be a big feature, and a negro baseball game will be on tap. Theatres will be free to delegates and a watermelon feast will feature the second day of the convention. Canteen workers will have tents spread in the downtown section and will help provide amusements for the boys.

More than 8,000 delegates and visitors are expected to be in attendance at the convention.

The people of Morgan County have an opportunity to obtain a public library for the county to cost \$5,000 a year. Mrs. Marie B. Owen, state director, in a communication addressed to the people of the county, today called their attention to a new law passed during the session of the legislature 1919, permitting the county boards of revenue to appropriate from the county funds, money not to exceed \$5,000 a year for the establishment of libraries.

Mrs. Owen's communication follows:

To the People of Morgan County:
I beg to call your attention to the fact that during the session of the legislature 1919, a law was passed authorizing the county Boards of Revenue to appropriate from the county funds, money not to exceed \$5,000 a year, for the establishment and maintenance of county libraries.

Under this new law every county in the State has the right to own and maintain a library. There are in the State of Alabama many thousands of people who do not have proper reading matter. Books are expensive and growing more so each day. If a county is willing to invest in books and will pay some one to distribute and circulate them the people of the county can have reading matter without personal cost to them. This is one of the ways in which the taxpayers can get a return on their investments.

The State Department of Archives and History, located in the Capitol in Montgomery, has been made the distributing agent of several thousand volumes of books that were bought or given for the soldiers in camp and overseas during the war through the American Library Association. The Director of the Department has offered a prize of 500 books to the first county that makes an appropriation for the establishment and maintenance of a county library. This prize of 500 books will be worth in money from \$1,000 to \$2,000.

If you want a county library, as your board of revenue to provide it out of the County treasury.

Respectfully,
MRS. MARIE B. OWEN,
Director.

Boy Scouts Leave On Annual Camp

Troop No 2, Decatur Boy Scouts of America left today for "Blue Water," Killen Alabama, where they will encamp for a week on their annual camping trip.

S. A. Lynne, A. J. Harris and Judge W. T. Lowe accompanied the scouts and will be joined by Rev. G. M. Davenport, scoutmaster who is detained here on account of the illness of his brother. The following scouts left on the expedition:

Norman Harris, Clyde Hendrix, Julian Harris, Arthur Dix, Oscar Morrow, Horace Lovin, Benny Beason, Joe Morris, Frank Morris, Don Lewis and Edwin Lewis.

Patrol Leader 1st Eagles, Julian Harris.

Patrol Leader 1st Panther, Frank Morris.

Scout Scribe, Clyde Hendrix.

Health Officers to Speak at Fairview

Dr. Burton Austin, county health officer, and Dr. Talbot, sanitary inspector, will deliver addresses at Fairview on tomorrow evening. The meeting will be held at the schoolhouse, beginning at 7:30 o'clock and a full attendance of the citizenship is urged, as health matters will be discussed.

Wet and Dry Is U. S. Guess for Week's Weather

A combination to suit all tastes is the government's weather prediction for this week, as announced today. The first half of the week will be generally fair and showery weather will prevail the latter half, with normal temperatures, the government forecast says.

MONEY SITUATION IS TIGHTENING, BANKS SEEKING AN END OF "CREDIT INFLATION"

"Corrective Measures" Being Applied in the Financial Centers Now.

LOCAL FINANCIERS ARE
BACK FROM LONG TRIP

Eastern and Mid-West Cities Visited by Hendrix and White.

Credit conditions in the eastern money market are far from being promising and corrective measures to end "war inflation" are now being applied by the large banks of the east and middle west. This report of the financial situation was brought here by Clyde Hendrix, president and Jno. C. White, cashier, of the Tennessee Valley bank after an extensive tour which included visits to New York, Boston, Chicago, Cincinnati, St. Louis.

"The credit situation is getting serious," Mr. White stated today. "As the big financiers express it, they are 'applying corrective measures.' They say we have been trading too heavily in the entire nation. The big banks now are basing credit on balances maintained."

Mr. White states the big bankers seemed to be of the opinion that the adjustment of the financial condition of the nation could and would be made without any panic. He heard little expression regarding the possibility of a lower cost of living he stated.

"The restoration of enlarged credits depends largely on the conditions under which this year's crop is marketed," Mr. White learned. Should the transportation facilities be in good shape and the crop is marketed easily and without undue losses, a long step will have been taken toward recuperation and strengthening of the present wavering credit system.

"Should the crops be large, their market ready and the transportation facilities in good shape, the credit situation should be materially relieved," Mr. White said.

ALMON ANNOUNCES 2 SPEAKING DATES

FOUR MILLION DOLLARS MORE OBTAINED FOR WILSON DAM WORK.

Congressman Edward B. Almon, who is spending his recess vacation in the eighth district, will speak at Mt. Hope on July 3 and at Huntsville on July 5, he announced today.

Announcement also is made of the appropriation of \$4,000,000 additional by the government for work on the Wilson Dam. The appropriation was made through the efforts of Congressman Almon and brings the total amount appropriated for the dam up to \$18,000,000. It is estimated that \$25,000,000 will complete the dam and the additional four million, just appropriated, is taken as final proof of the government's intention to finish the work.

Benson Arrives From Mountains

Prof. William Benson, new superintendent of the Decatur public school system, returned Sunday from Asheville and will begin work on his plans for next year's operation of the schools at once. Prof. Benson spent several weeks in the North Carolina mountains, visiting Asheville, Blue Ridge and Lake Junaluska.

Campers Back; Had Good Catch

William Wyker, Tom Cline and Lamar Cartwright and Harold Hildreth have returned from a fishing trip to Blue Water. They had a very successful catch.

THE DEMOCRATIC NATIONAL CONVENTION

The eyes of humanity are today turned towards San Francisco. Not only the residents of the United States but the peoples of the world will look on with intense interest as the hosts of democracy pass judgment upon the record of the Wilson administration and by platform declaration endorse its activities in behalf of the oppressed and the weak. There is no possibility that it will repudiate what has been done, for to do so would not only be political and party cowardice, a weak surrender to a mistaken expediency, but also an abject bowing down to certain irreconcilable elements that are not in personal rapport with the executive. If the democracy quails, then is the perpetuation of war insured; the last hope of an international tribunal that will preserve peace will vanish. Civilization itself will feel the effects of the blow, and selfish, vituperative propaganda will have triumphed.

There is no doubt but that the convention will stand squarely behind the President. It is a Wilson convention, although the majority of the delegates were sent un instructed and many of them chosen without a question being asked as to who or what they favored. In a way they were selected at random, but so solidly is the party behind its great leader that even a hit and miss method in the naming of delegates could not weaken his hold upon party authority. And whoever the nominees may be, so long as they go before the country as representing the best ideals of government as enunciated by Woodrow Wilson, there is but little doubt of victory in November.

AUTOS MADE DETROIT GREAT: WHY NOT AUTO PLANT HERE?

The foregoing caption is from the Anniston Star, which calls attention to the possibilities of the South as an automobile manufacturing center. In this connection, the Star says:

Then why not an automobile factory in Anniston? The South is buying more automobiles than any other part of the country. The field here is an open one. Good cars are in demand. Moderate priced cars alike find a ready market in Southern cities. The South has the money, the taste for motoring and it is getting the roads upon which motoring can best be done. The South would give preference to really good cars made in the South. Then why not an automobile factory in Anniston?

If the Star editorial were reproduced in full, with Albany and Decatur substituted wherever the word "Anniston" appears, it would carry a message equally as important. Why not an automobile factory here? That is a question that should be answered. What more ideal location could be found for such an enterprise? Right here at the gateway of the South, where two great trunk line railroads and the Tennessee river afford wonderful transportation facilities, where the harnessed waters of the Tennessee and Coosa afford abundant hydro-electric power, where the raw material is within a stone's throw, where the climate is ideal and consumption of fuel reduced, where the market is already developed, would be the natural site for an automobile manufacturing plant. Locate it, operate it and then there will be no well-beaten overland trail to Detroit, a trail blazoned with Southern dollars invested in northern-made automobiles. Ford and Olds, the pioneers in the industry, made Detroit the fourth city in size in the United States. Their successors could make the Twin Cities jump into the metropolitan class.

Wilson Is Lauded;
League Endorsed

(Continued from Page 1.)

anism for more than a generation, are still in undisputed control.

The Republican platform, reactionary and provincial, is the very apotheosis of political expediency. Filled with premeditated slanders and vague promise, it will be searched in vain for one constructive suggestion for the reformation of the conditions which it criticises and deplores. The oppressed peoples of the earth will look to it in vain. It contains no message of hope for Ireland; no word of mercy for Armenia; and it conceals a sword for Mexico. It is the work of men concerned more with material things than with human rights. It contains no thought, no purpose which can give impulse or thrill to those who love liberty and hope to make the world a safer and happier place for the average man.

Democratic Achievements

The Democratic Party is an untangled party—a free party—owing no allegiance to any class or group or special interest. We were able to take up and carry through to success the great progressive program outlined in our platform of 1912. During the months which intervened between March 4th, 1913, and the outbreak of the World War, we placed upon the statute books of our country more effective, constructive and remedial legislation than the Republican Party had placed there in a generation.

The Income Tax was made a permanent part of the revenue producing agencies of the country, thereby relieving our law of the reproach of being unjustly burdensome to the poor. The extravagances and inequities of the tariff system were removed; and a non-partisan tariff commission was established so that future revision might be made in the light of accurate information, scientifically and impartially obtained. Pan-Americanism was encouraged; and the bread thus cast upon the international waters came back to as many fold. The great reaches of Alaska were opened up to commerce and development. Dollar diplomacy was destroyed. A corrupt lobby was driven from the national capital. An effective Seaman's Act was adopted. The Federal Trade Commission was created. Child Labor legislation was enacted. The Parcel Post and the Rural Free Delivery were developed. A Good Roads Bill and a Rural Credits Act were passed. A Secretary of Labor was given a seat in the Cabinet of the President. Eight hour laws were adopted. The Clayton Amendment to the Sherman Anti-Trust Act was passed, freeing American labor and taking it from the category of commodities. The Smith-Lever bill for the improvement of agricultural conditions was enacted. A Corrupt Practice Act was adopted. A well considered Warehouse Act was passed. Federal Employment Bureaus were created. Farm Loan Banks, Postal Savings Banks and the Federal Reserve System were established.

These enactments, and many other provisions of a remedial character, had a cleansing and quickening effect upon the economic life of our country. The farmer was freed from the deadening Charta of liberty. Business and finance were released from the thralldom of uncertainty and hazard. The economic life of America was refreshed by the vitalizing breath of economic freedom.

CHIROPRACTIC

In America at the present time a new health science is sweeping the country by storm. It is penetrating into the heart of every great city; it is gaining a place in every rural section of this country; every civilized nation on the globe is adopting this new science.

Diseases that were thought incurable are responding to this new science. "The name of this new health science is Chiropractic." There is nothing secret about the science of Chiropractic; there is no Latin prescriptions; there is no medicine, no surgery, nothing to confuse you, nothing but certain well known principles of mechanics applied to the human machine.

M. B. WOOTON

CHIROPRACTOR

City National Bank Building
Phone Decatur 60.

greater patriotism than would be possible under Democratic leadership. If we are to be judged, as I hope we may be, by the record, let them also be judged by the record. What have the Republicans accomplished since their political success in 1918?

Twice the President went before Congress, since the terminate of hostilities, calling attention to needed legislation. He urged the passage of laws relating to profiteering; measures to simplify and reduce taxation; appropriate action relative to the returning soldiers; the passage of a resolution concerning the constructive plans worked out in detail by former Secretary Lane, suggested that the Congress take counsel together and provide legislation with reference to industrial unrest, and the mutual relations of capital and labor. After more than a year of sterile debate, our country has neither peace nor reconstruction. Barren of achievement, shameless in waste of time and money, the record of the present Congress is without parallel for its incompetencies, failures and repudiations. Are the American people so unjust or so lacking in discrimination that they will reject the service of a party which has kept its word, and place trust in a party which merely renews the broken promises of a previous campaign?

Attacks Upon the President

Republican leaders have been moved by a strange and inexplicable jealousy of the President. Their feverish animosity, expressed in gross abuse and through secret intrigue, has been productive of one of the most unhappy chapters in American history, recalling the similar experiences of Lincoln and Washington. Political malice followed the President to the Peace Table. A Senatorial "round robin" was widely circulated. Every device which partisanship could develop, was employed for the purpose of weakening the influence of our Commission at Paris, and making the task there still more difficult. At a time when every instinct of fairness pleaded for a whole-hearted support of the President, political antagonism and personal envy controlled the anti-American forces.

The President made every sacrifice for the cause of peace. The long continued strain while composing differences abroad; the expenditure of nervous vitality and intellectual force in building a new order of human relationships upon the ruins of the old, laid heavy toll upon his reserve powers. Then came the return in triumph, only to find here a widespread propaganda of opposition, making it imperative that he take up in his own country, a struggle for the preservation of that which had been won at such incalculable cost. Following the superhuman labors of seven years of unexampled service, this meant the wreck of his health, sickness for months upon a bed of pain, and worse than the physical sickness, the sickness of heart which comes from the knowledge that political adversaries, lost to the larger sense of things, are savagely destroying not merely the work of men's hands, but the world's hope of settled peace. This was the affliction—this the crucifixion.

As he lay stricken in the White House, the relentless hand of malice beat upon the door of the sick chamber. The enemies of the President upon the floor of the Senate repeated every slander that envy invented, and they could scarcely control the open manifestation of their glee when the Great Man was stricken at last. The Congress was in session for months while the President lay in the White House, struggling with a terrifying illness and, at times, close to the point of death. He had been physically wounded just as surely as were Gar-

field and McKinley and Lincoln, for, it is but a difference of degree, between fanatics and partisans. The Congress, during all this period, when the whole heart of America ought to have been flowing out, in love and sympathy, did not find time, amid their bickerings, to pass one resolution of generous import or extend one kindly inquiry as to the fate of the President of their own country. And what was his offense? Merely this—that he strove to redeem the word that America had given to the world.

HARDING RETURNS TO
CAPITAL TUESDAY

(International News Service.)

WASHINGTON, June 28.—Party pacification conferences will be resumed by Senator Harding, the republican nominee, on his return to his office tomorrow morning from his week-end trip to the summer home of Senator Frelinghuysen, of New Jersey.

The Senator and his party expect to leave Washington about 4 o'clock Saturday for his home in Marion, Ohio.

Why We Use
Refinite Soft Water
Reason No. 5

"SOFT WHITE BED LINEN"

Bed linen receives the same gentle treatment at our laundry that is given your most exquisite and costly garment. It comes back to you soft and snowy fresh, and the only odor is that of cleanliness.

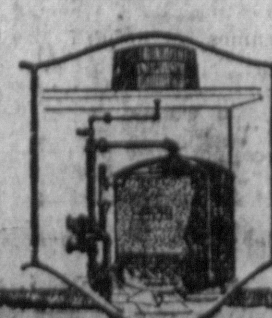

For with **Refinite Soft Water** there is no soap curd to make the cloth dingy or yellowish in color and cause the fabric to break at the folds; and far less washing is needed to cleanse.

We launder woollens and blankets in this water without the slightest injury to color or fibre.

We do better work than your home laundress can do with cistern or rain barrel soft water.

Telephone us to call for your family and flat work.

IN YE OLDEN TIME

Hoop skirts were worn by those who first asked the druggist for, and insisted on having, the genuine Golden Medical Discovery put up by Dr. Pierce over fifty years ago. Dress has changed very much since then! But Dr. Pierce's medicines contain the same dependable ingredients. They are standard today just as they were fifty years ago.

Dr. Pierce's Golden Medical Discovery for the stomach and blood cannot be surpassed by any remedy today.

Dr. Pierce's Favorite Prescription for weak women has never been equalled for the distressing complaints incident to womanhood. What others say:

NEW ORLEANS, LA.—"Ever since I can remember Dr. Pierce's medicines have been used in my family. When I was quite a young girl I had my first experience with them. I was in a miserable condition when my father gave me the 'Golden Medical Discovery,' but my cough soon stopped, and it completely restored my health. Then, when it came to the critical time of life I depended entirely on the 'Favorite Prescription' and it brought me thru in remarkably good health."—Mrs. CARRIE DODDENE, 1818 Baronne St.

ROGERS-McGUARE.

Miss Minnie McGuare and Mr. John Rogers were married Sunday afternoon at the Westminster Presbyterian manse, Rev. L. F. Goodwin officiating. Mr. and Mrs. Rogers will make their home here.

On Thursday evening Maurice Mitchell entertained most pleasantly at Hartselle. Music and games were enjoyed. At a late hour an ice course was served. The following guests were present:

Misses C. Wiley, Breatha Waugh, Beatrice Thomas, Louis Guyer, Willie Maude Grice, Elizabeth West, Louise Crutchfield, Louise Jones, of Reform, Ala., Katherine Booth, Gladys Olsen, Katie Sue Hodges, Estella Howell, Irene Roden, Pearl Lindsey, Flora Bird and Johnnie Pearl Jenkins. Messrs Roy Graver, Guin Puckett, Bridges, Herman Thomas, Maurice French, Dewey Thomas, Troy Crutchfield, E. Nichols, Gilford Nichols, John Burleson, Earl Stringer, Lindsey Oden, John Sloan, A. C. Harris, Carl Gibson, Sherrill and Maurice Mitchell.

AN UNAUTHORIZED ANNOUNCEMENT

Mr. J. W. Kesler requests the Daily to state that the announcement of the engagement of his daughter, Exie Aileen, to Mr. Truly Williams, which appeared in Friday's Daily, was wholly unauthorized, and was made by a practical joker. The Daily regrets that it was imposed upon.

Mr. and Mrs. J. N. Chase are expected to arrive here this afternoon to be the guests of Mrs. B. M. Bloodworth.

Mrs. J. D. Bush and sons are visiting relatives in Huntsville.

Mrs. John McGeehee is ill at her home on East Vine street.

Misses Mattie Smith, Mary Jones, Myrtle Evans and Mrs. Eddie Raney spent Sunday in Huntsville.

Miss Eulah Witt, who is pleasantly remembered as a popular teacher in Albany, underwent a serious and successful operation at the John Hopkins Hospital last week. She is steadily improving.

Mrs. J. J. Peke, of Ensley, have returned to her home, after spending the week-end with her brothers, S. O. and W. H. Winton.

Mr. and Mrs. P. Williams and daughter, Belle, of Hartselle, were recent visitors in the city.

Miss Daisy Crawford, of Jopka, returned home Saturday, after attending the marriage of her cousin, Miss Lola Winton.

Mrs. Leona Sestell and children, Frederick and Paul, are the guests of Mrs. T. R. Covey.

Miss Velma Hazelip has returned, after spending the week-end in Earlington and Madisonville, Ky.

Mr. and Mrs. R. E. Wilson and little daughter foreman of the Composing room of the Zinc Smith Stationery Company at Birmingham are here guests of relatives. They expect to return home on Wednesday.

Mrs. T. Carl Wilkinson is ill at Birmingham. Mr. Wilkinson left this afternoon for that city to accompany her home tonight.

Mrs. William Cowden is expected to return from Florence Friday.

Mrs. Gardner is ill at her home on East Vine street.

Mrs. Meredith Collins, who had been very ill at the Benevolent hospital, is improving.

FOR RENT—Three furnished rooms at 803 Terry street. Call 477 Decatur.

AS LONG AS THE TIRE LASTS our vulcanizing will last. Our work becomes an integral part of the tire fabric, as much so as the original wrappings at the factory. Vulcanizing that's built into the tire, as ours is, cannot blow out; it can only wear out when the shoe wears out. Tire cost is going up. Double your tire mileage with our vulcanizing.

FRANK P. LIDE
"Instant Service"

The Continents.
Modern usage recognizes four continents—Eurasia, Africa, North America and South America—and is divided as regards Australia, which is variously styled a continent and a continental island. The title, Antarctic continent, is sometimes given to a great body of land supposed to occupy the south polar region. Formerly Europe and Asia were accounted as two continents.

DECLARES DRECO DID MUCH GOOD

Well Known Engineer at the Huntsville Ice and Coal Co., praises the new remedy, which overcame his troubles

Gas in his stomach, constipation, backache and nervousness relieved

"I heartily recommend the new remedy Dreco, for what it has done for me, for I'm a great deal better than I was ten days ago, when I started it," declared Mr. Irvin Hamlet, the well known citizen of 319 E. Holmes street, Huntsville.

"Stomach was undoubtedly the cause of my suffering. I suffered all the pains of indigestion after every meal. I also was constipated and had dizzy spells. I couldn't sleep at night, and was very nervous. Of course, I became greatly rundown and things looked black for me, but I heard so many people speak highly of the new herb medicine, Dreco, and I saw so much about it in the newspapers that I decided to give it a trial. I took just one bottle of Dreco and it did wonders for me; I have never seen its equal. One dose of it buoyed me up wonderfully. I am taking it right along, and am simply getting along fine now. You can add my recommendation to the hundreds of others.

Dreco has time and time again proved its worth in all human ailments, which had their inception in the digestive tract. It seems to be just the right thing for such ailments as indigestion, gastritis, dyspepsia, biliousness, constipation, sleeplessness, headaches, rheumatism and similar ills. Dreco is not a new-fangled patent medicine. It is simply a combination of roots and herbs put up according to an old-fashioned recipe in a modern, scientific way. It contains no dangerous mineral salts or acids, and is safe and sure in its action.

All good druggists now sell Dreco and it is highly recommended in Albany by Albany Drug Co; in Decatur by Hilda Drug Co.

Miss Lola Winton and Mr. Wm Geo. Cudlip were quietly married at the home of Miss Winton's brothers, S. O. and W. H. Winton, in Albany, on June 26. Rev. J. H. Hill performing the ceremony.

Little Violet Winton, niece of the bride, bore the ring in a large bridal rose.

Those present beside the immediate family were Mrs. J. J. Peke, of Birmingham, Miss Daisy Crawford of Jopka, Mrs. E. A. Antony, of New Orleans, La., Mrs. Lona Sharpe and Mrs. T. R. Covey and daughter, Lena, of Albany.

Miss Winton taught in the rural schools of this county for several years, and for the past six years has taught in the city schools of Birmingham. Mr. Cudlip is an employee of the Goodyear Tire and Rubber Co.

Mr. and Mrs. Cudlip left immediately, after the ceremony for Akron, Ohio, where they will make their future home.

MISS GODBEY'S WEDDING PLANS ARE ANNOUNCED

The marriage of Miss Gladys Godbey and Ralph W. Cowart will be an interesting event at Terrace Place, the home of the bride's parents Tuesday, at 1:30 o'clock, June 29.

The wedding music will be given by Mrs. A. J. Harris.

Miss Godbey will have as her matron of honor, Mrs. Atlee Hoff, Mr. Cowart will be attended by his brother, Elgin Cowart, of Troy, Ala.

Rev. G. M. Davenport of the First M. E. Church Decatur, will officiate. This event has been the inspiration for many social activities for the past two weeks.

REHEARSAL PARTY

Mrs. E. W. Godbey is entertaining the rehearsal party for the Cowart-Godbey wedding this evening at a buffet supper.

Mr. Harvey J. Len, a Navy musician, is home on furlough with his mother, Mrs. R. A. Lee.

Mrs. J. M. Ewing and little daughters will return Wednesday to Nashville after a month's visit to relatives and friends in the city. Mrs. Ewing will be accompanied home by her mother, Mrs. W. J. Martin and brother, William Martin.

ROOK COMPLIMENT

Miss Mary Daniell will entertain at rook Tuesday afternoon at four o'clock in honor of Miss Mary Collier Johnson, of Florence.

Mrs. Taylor Reeves, of Montgomery, will arrive Thursday for a week's visit to her sister, Mrs. Robert Daniell.

Mrs. James Allen Fuller, of Huntsville, and Miss Marjorie Miller will leave Wednesday for a two weeks' visit to Mrs. Polk in Anniston.

Mrs. Thomas Ballard and daughter, Miss Winnifred, and sons, Billie and Russell leave tomorrow for Wichita Falls, Texas.

(Additional Society Page 4)

BRITISH LOVE THE AMERICAN FILMS

THEATRES USE 75 PER CENT OF U. S. FILMS—HOME-PRODUCERS UNEASY

(International News Service)
WASHINGTON, June 28.—While the "movies" as a whole enormously increased in prestige with the public, Parliament and press in 1919 in the United Kingdom, the fact that the British film theatres still exhibit about 75 per cent of American films is causing the British motion-picture industry much uneasiness.

Government reports just received in Washington state that the producing and manufacturing film industry made greater strides, no doubt, than any other section of the trade, and great efforts have been made to create producing organizations that would supply the British market with British films and provide serious competition to the American films. However, the importation of films into Great Britain from other than American sources is negligible, and today, notwithstanding the intensive advertising campaign of British film producers, the film theatres still exhibit 75 per cent of American films.

Last year more than 1,000,000 linear feet of American films were shipped to Great Britain, the value thereof being within a few dollars of half a billion dollars.

Within the last year three members of Parliament have been elected who are in the "movie" industry—they call it the "cinema" industry over there—and there are perhaps half a dozen members who are interested in this branch of trade.

The World War popularized the "movies" in France, but it had the effect of bewildering the Frenchmen about America. The films shown either depicted the tall buildings of New York or Wild West cowboy scenes. This caused the French to get all mixed up about the United States, as they could not understand a country that had much taller buildings than they ever saw before and at the same time wild Indians and frontier scenes.

Government reports show that American films are being shown in every part of the world and the demand for them is increasing all the time. Despite all the efforts of the British, French, Italian and German film producers to dislodge the American films, the popularity of the latter is increasing steadily.

KLOPTON'S KORNER

ICE CREAM

Is not only delightful to the taste but contains a very high food value. Being rich in butterfat and sugar it is easily digested. Use more ice cream in the home, you will have healthier, happier children. Not only the little folks but the old folks will be in better humor these hot days if you give them plenty of pure rich cold Ice Cream.

It's always good if it's

Why Itch and Burn With Skin Diseases?

There is a Way to Get Rid of the Torturous Suffering.

Terrifying skin irritations, eczema, tetter, boils, pimples, etc., have their origin in a disordered condition of the blood. They come from a colony of tiny germs which get into the blood and multiply by the million.

Lotions, salves, ointments or similar treatment cannot possibly reach the source of the trouble, which is the blood.

When any of these symptoms appear you should take prompt steps to rid the blood of the germs which cause them. And the one remedy which has no equal as a blood cleanser is S.S.S., which is sold by druggists everywhere. Begin taking S.S.S. today, and write to our Chief Medical Adviser, who will give you special instructions without charge. Address Swift Specific Co., Atlanta, Ga.

"Felt Like Eating"

Man and Wife, All Run-Down from Farm Work, Were Greatly Helped by Ziron.

"MY WIFE and I, after a hard spring on the farm, were tired and run-down," says Mr. E. B. Mulkey, of Route 1, Acworth, Ga. "We neither felt well. I knew my blood was bad, as I had little boils on the back of my neck."

"We felt we needed a builder. We had heard of Ziron and thought it must be what we needed. It certainly was. We took it faithfully, and after a week or such a matter we began to feel better. My wife felt like cooking,

and I sure felt like eating.

"Ziron sure did us good. It made us both feel stronger and better for the fall work, which everyone knows is 'some work' on a farm. My boils began to dry up, though just at first they seemed worse."

"We are much better and can highly recommend Ziron, and gladly do so for it sure did us good."

Ziron is a safe, reliable, tonic medicine, good for men, women and children, when an iron tonic is indicated. It is easy to take and contains no habit-forming drugs. Ask your druggist or dealer.

Baby Girl Wins 3 First Prizes

Parents of Louisiana's "Champion Baby" raised her on Dr. Caldwell's Syrup Pepsin.

THERE is always a good deal of sickness in the summer months, due to the hot weather. The heat is especially severe on babies and children, and often it interferes with their development and growth. They lose appetite, pass restless nights, suffer from indigestion, and finally constipation.

In the hot Southern States mothers give a combination of simple laxative herbs with pepsin, at the first symptom of constipation. This formula is known to druggists as Dr. Caldwell's Syrup Pepsin, and they have sold it under that name for a quarter of a century. It is now the sole medicinal reliance in thousands of families.

Little Dorothy Boylan knows what real hot weather is ten months of the year. She is the daughter of Mr. and Mrs. Harry H. Boylan, and lives at 210 North Alexander St., in New Orleans. She has won three successive first prizes as the "Grand Champion Baby of Louisiana," and her parents say the only medicine they have ever given her

DOROTHY BOYLAN
Three-year-old Louisiana Baby

is Dr. Caldwell's Syrup Pepsin. It has kept her healthy and built her up, and helped make it possible, they write, for Dorothy to be a prize-winning baby. You can obtain a bottle of Dr. Caldwell's Syrup Pepsin at any drug store. You will find it pleasant to take, and it does not gripe or weaken.

FREE Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 512 Washington Street, Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought at drug stores last year, the largest sale in the world.

More Milk

HALF a gallon more milk from each cow every day, will more than pay your feed bill.

Nearly every cow owner gets that increase with Purina Cow Chow.

It costs about a dollar a month more to feed Cow Chow, but that difference is more than made up in the first week. The rest of the month you get your extra milk for nothing. Feed out of the Checkerboard Bag and you will get more milk.

Witness Bound Over by Troup; Charge Perjury

John Eldridge, negro, was bound over to the grand jury on a \$500 bond by Judge L. P. Troup, following hearings on a perjury charge growing out of Eldridge's testimony in the Decatur police court. The testimony was given during the trial of Chief Deputy Sheriff McGuthrie, charged with allowing the body of a dog, alleged to have been killed by McGuthrie, to remain in the city streets in violation of the municipal code. Eldridge made the bond and was released.

INTERMENT OF LITTLE GIRL AT MOULTON

The remains of the 19-months-old daughter of Mr. and Mrs. A. G. Bain, who died here on Saturday, was taken to Moulton yesterday for interment in the Shumaker graveyard. Rev. M. M. Crow officiated.

Remains Taken to Hillsboro for Burial

Will Irwin, aged 26 years, died at Dothan, Ala., on Saturday, caused presumably by results of injuries received, while defending his country in the great European war, when he was severely gassed. He was the son of D. W. Irwin of Hillsboro, brother of D. W. Irwin, Jr., and Brock Irwin, and Mrs. C. A. Vandiver of Atlanta. All of whom were at the bedside of the deceased when the end came. He was a nephew of S. W. Irwin, J. L. and S. D. Brock. The remains passed through here last night en route to Hillsboro where interment takes place today at 2:30 o'clock.

Mr. Irwin was a member of the Methodist church and a splendid young man, and at the time of death was in employ of government in income tax department, with headquarters at Dothan. Among those attending the funeral from a distance are Mesdames M. A. Dinsmore, Emma A. May of Birmingham; Mrs. W. S. Griffin of Falkville and Miss Jessie Irwin of Gadsden.

AGENCY FOR STUTZ AUTOMOBILE SECURED

We have secured the agency for the well known STUTZ, the car that made good in a day. For class, durability, and luxury the STUTZ is not excelled. Our territory covers Morgan, Limestone, and Lawrence counties.

Don't fail to see our sport Roadster, the car you hear about on every street corner. Demonstration appointments made by phone. Phone 402 Decatur.

Hamburg Ruled by Martial Law

(International News Service) BERLIN, June 28.—Martial law was declared at Hamburg today, following food riots in which 2 were killed and 80 wounded.

U. S. HAS SEVEN AUTOS TO BRITAIN'S ONE, SAYS ESTIMATE

(International News Service) LONDON, June 28.—There is one motor car to every 120 persons in the population of Great Britain, in comparison with one car to every sixteen persons in the United States.

This is the estimate of Sir H. P. Maybury, director of the Roads Department of the Ministry of Transport.

According to the estimates furnished by Sir H. P. Maybury there are 750,000 mechanically propelled vehicles in Great Britain; as against 6,146,117 in the United States, according to a census made last year.

It is not stated if these figures include motorcycles, but if they do it greatly decreases the number of motor cars in Great Britain, as there are a large number of motorcycles in use here.

Eighty Arrests Are Made at Dublin

(International News Service) DUBLIN, June 28.—Eighty persons have been arrested here charged with violation of the military curfew law.

PRODIGY, TEN YEARS OLD, ENTERS HIGH SCHOOL

(International News Service) ARMADA, Mich., June 28.—Carol M. Hart, the ten-year-old daughter of Mr. and Mrs. W. H. Hart, of this village, is perhaps the youngest child in the State to pass successfully the Michigan eighth grade examinations. The girl is in the seventh grade, but through special tuition by her father, who was formerly a school superintendent, she qualified to enter the tests. Her brother, who is three years her senior, carried the honors of his class in passing, and was second among the 160 of Macomb county students who passed.

HELD AS HOBO. HE ASKS SHERIFF TO BUY HIM SUIT

(International News Service) PONTIAC, Mich., June 28.—Arrested for vagrancy when found loitering at Novi, Fred Wheat, forty-one years old, who claims Cincinnati as his home, was found to have \$68 in money and a hobo's complete cooking outfit. He asked the Sheriff to take the money and buy him a new suit of clothes before he has to appear in court.

DUCK LIKES COMPANY; GET OWNER IN COURT

(International News Service) DEROT, June 28.—Ducks are not unlike human beings, if the testimony of John Corrigan, crag before Judge Stein with trespass, is credited.

Corrigan was accused of having trespassed upon a purported private canal near his home. Witnesses testified that later certain shrubs which had been missed from a house on the banks of the ditch were found in his possession.

Explaining his presence on the canal at the particular time, Corrigan said he had gone after a duck that belonged to him.

"Why did you have to go there for your duck?" asked Herman Greenberg, assistant prosecutor.

"Well, this is a female duck. There are no ducks at home, and anyhow she goes down there for company."

Corrigan was released on bond pending Judge Stein's decision.

HIGH COST OF HENS (International News Service.)

COTTONWOOD FALLS, KAN., June 28.—Chickens in Chase County come high—\$10 each—that is, if you're a motorist and shoot 'em.

Recently a large motor car stopped long enough near the home of Mrs. Richard Jackson for an occupant to shoot two lusty "fries." Then the car sped away.

Using the telephone to good advantage Mrs. Jackson had the tourists halted at Florence, a few miles away. There they were held until the \$22 was forthcoming.

(Continued from Page 3.)
Mrs. O. D. Carhey, of Greenbrier, Ala., was the week-end guest of Mrs. H. N. Binford.

Mrs. R. T. Sheppard left this morning for a visit to relatives at Gadsden.

Mrs. R. E. Sanders will leave soon for a visit to her daughter, Mrs. Paul Tarrent, in Birmingham.

Mrs. J. K. Mathis, of Memphis, is here to attend the Cowart-Godbey nuptials.

Walter L. Lee, of Tusculumbia, visited his mother, Mrs. R. A. Lee over Sunday.

PERSONAL

Dr. J. L. Gunter is ill at his home on Jackson street. It is thought he may be able to resume his professional duties on tomorrow.

J. E. Blair, delegate to the national labor convention at Montreal, has returned to his home here.

Uncle Bob McKelvey was taken this morning to the Benevolent Hospital for treatment. He is aged, an old Confederate soldier and has many friends here who will be glad to look after his comfort. He is very ill and is a semi-conscious condition.

William Hockensmith has returned from a visit to Kentucky points.

Tom Harris, of Courtland, is here today.

Fred Norton is in Nashville, Tenn.

J. E. Fisher, of Tusculumbia, was a guest of relatives in the city yesterday.

Elgin Cowart is in the city to attend the Cowart-Godbey wedding.

Dr. M. B. Wooten has returned from Lexington and other points in Kentucky.

BIRTH

Born to Mr. and Mrs. W. C. Maddox, a son, Millard Guhl.

Hair For the Bald.
A French surgeon of the Pasteur Institute claims to have discovered a process by which he can graft hair to the scalp and so make the heads of the bald to blossom like the Seven Sutherland Sisters. He declares that he has already positively and permanently cured six batches of baldness through a slight surgical operation which is painless and leaves no ill effects.

Atmosphere Above Earth's Surface.
The atmosphere is believed to extend much more than 100 miles above the earth's surface. Its density decreases rapidly for the first few miles of ascent, then much more gradually. From the phenomena of twilight, due to refraction of light, it may be demonstrated that the air extends up to a height of 45 miles; but other phenomena, such as the behavior of meteors and the aurora, show that rare air exists at a much greater height.

Italian Reds and Soldiers Clash

LONDON, June 28.—Serious fighting occurred throughout Italy between anarchists and soldiers in which six persons have been killed and scores wounded, said a Rome dispatch.

Price is Advanced by Chicago Paper

CHICAGO, June 28.—The Chicago Herald and Examiner today advanced the price of the paper from two to three cents because of the high price of paper.

DISTANCE NO OBSTACLE; JUST MARRY HIM BY WIRELESS

DETROIT, June 28.—Girls, if your sweetheart is a long way away and both of you are really serious about wanting to get married distance is no obstacle.

And if your prospective husband can't leave mid-ocean, there really is a lot of satisfaction in getting married by wireless.

This is the opinion of Mrs. John R. Wichman, formerly Maybelle Eberie, who was married by wireless while she was in Detroit and her husband aboard one of Uncle Sam's battleships in the Pacific fleet.

"The worst feature of the whole thing," declared Mrs. Wichman recently, "is that a lot of horrid reporters come swarming around asking questions that are really none of their business."

"If I had known how much notoriety this was going to bring I might have stopped longer to think."

It may be added, however, that Mrs. Wichman enjoys the distinction of being the world's champion long-distance bride.

The bride positively denies that her husband proposed by wireless. She expects him home on a furlough soon. His enlistment will be up in November, 1921.

(Continued from Page 1)

the resolutions committee gets down to business this afternoon, the administration forces will control at least two-thirds of its members, the supporters of President Wilson predicted today.

Both Mr. Bryan and Mr. Walsh admit that they anticipate this and will probably carry their league fight to the convention floor. The session of the committee is expected to be a stormy one. A final draft of the administration platform will probably not be ready until tomorrow or Wednesday.

ROBINSON SELECTED

(International News Service) SAN FRANCISCO, June 28.—It was definitely announced early today that Senator Robinson of Arkansas had been selected as permanent chairman of the convention. Secretary of State Colby will be administration floor leader and Senator Carter Glass chairman of the resolutions committee.

BRYAN MILITANT

SAN FRANCISCO, June 28.—Wm. Jennings Bryan will fight to the end against the nomination of McAdoo, according to Lee Herdman of Omaha, a close friend of Mr. Bryan. He declared that he was in position to "positively declare" that Bryan will oppose the nomination of McAdoo to the very end.

REED WILL FIGHT

SAN FRANCISCO, June 28.—Senator Reed of Missouri will renew his fight today to regain his seat in the democratic national convention. The Smith-Watson delegates from Georgia will also renew their fight before the credentials committee at the same time.

N. Y. FOR SMITH

(International News Service) SAN FRANCISCO, June 28.—The New York delegation of 90 men and women today entered convention hall pledged to cast its first ballot for president for Gov. Alfred E. Smith.

HIGH COST LIVING

(International News Service) SAN FRANCISCO, June 28.—Senator Glass is understood to have completed a plank which would commit the convention to a warning to the American people that neither of the big political parties can do anything to reduce the prevailing high cost of living unless there is a deflation of currency and an elimination of extravagance.

Boy is Hurt in Fall From Bike

Are We For Home People or For Foreign Corporations?

More than \$500,000 was paid to the United States Government in excess profit taxes by one of the big mail order houses last year.

Not one penny of this enormous sum (representing profits on millions of dollars) upon which this tax was paid will ever go back to the small towns, whose buying made this income possible.

No, not one penny.

Mail-order buying will not help to develop our town, county or state. It will not help to maintain good roads, schools, churches or public improvements. It will not assist in maintaining your local newspaper, in order that it can help build Albany and Decatur, by telling what we have to offer to others in the way of opportunity to acquire a living and a home.

A Community Obligation

We believe it to be a serious mistake on the part of our citizenship to send money out of town when they can secure the same articles at about the same price from a local merchant.

And in order to bring this to the attention of all the people in as forcible a way as possible, this newspaper, in conjunction with the progressive business men of Albany and Decatur, is launching an educational

"buy at home" campaign in order that all of the people may properly be made to realize their community obligations and the necessity of supporting home industries to the end that all residents will profit therefrom.

This educational "buy at home" campaign will continue for a period of six months and all phases of the question of buying from home merchants will be argued in a comprehensive and logical manner.

Always In the Front Line

Our local merchants are men who are citizens of our towns three hundred and sixty-five days in the year. They are in the forefront of every progressive movement that is designed to bring about a bigger and better Albany and Decatur, and we sincerely believe they are entitled to first consideration when it comes to buying merchandise.

With a full realization of the responsibility such a

campaign involves we are ready to put "our shoulders to the wheel" and do our utmost for its success. We ask the consideration and co-operation of all citizens—men and women—and ask that you take this matter to heart and resolve that you will do your part towards making Albany and Decatur bigger and broader cities, a community filled with home pride, progressive ideas, and good will towards each other.

Mr. Keel Never Was a Man to Go Off on a "Tear"

HITS AND MISSES

By BARRETT SHELTON

HARTSELLE GOES DOWN

AT LOCAL ATTACK
The long heralded Hartselle ball tossers arrived from the forests and seas after a hard trip and had the Albany-Decatur outfit expected what they were to face they would have saved time to themselves and to the fandom of Albany-Decatur by calling the fracas off until the great material that the visitors were to bring arrived for battle at a future date.

The game was listless throughout and both sides played loosely as Hartselle had no chance after the first inning and Albany continued to sew things up from the start.

No! Benjamin Russell, one time Albany-Decatur heaver was not on deck as was supposed. The blunders of the locals had been flattened or a week in expectation of weaving a web around the hurling Bennie. However Bennie skipped to Virginia and the rest of the Hartselle hope were left between here and that cit, stranded in the shell holes that rapidly filled with a product issued by Pluv. Every man on the Albany roster busted 'em but Johnston and Watkins, these two being unable to catch the desired position at the first station without some visitor falling in the ball.

The Hartselle team played miser-

OH! ONE OF MY BEADS JUST DROPPED ON THE FLOOR.

I'LL GET IT FOR YOU, SUE.

I THINK IT WENT UNDER THE PIANO. IT'S SO GOOD OF YOU TO GET DOWN AND GET IT.

I GUESS IT'LL BE SAFE TO RIP THIS RAG IN TWO. IT'LL ONLY TAKE HALF THIS TO CLEAN MY BIKE.

MR. KEEL! WHAT IS THE MATTER WITH YOU, TO-NIGHT? YOU'VE DONE NOTHING BUT SIT IN THAT CORNER AND YOU HAVEN'T SPOKEN A WORD HAVE I DONE SOMETHING?

FUTURE IS GLOOMY. DENSLOW ASSERTS

EVANGELIST SAYS THAT PROPHECIES OF THE BIBLE BEING FULFILLED

"The future has always been dark to human vision, but today it is actually gloomy," declared Evangelist J. L. Denslow in his opening remarks at the Bible Chautauqua tent last night. Every seat had been taken and many were compelled to stand during the services. The song service seemed to be especially enjoyed, nearly all taking part.

Continuing Mr. Denslow read a statement from Mr. Gompers wherein he had declared that the future lay in the lap of the gods. Then he read from Amos 3:7 showing that God had revealed his plans to his prophets.

"History throws no light on the future and the only means we have of penetrating the darkness of the future is thru a careful study of God's revealed plans. When we turn to the prophecies of God we are on sure ground. It is the sure word of prophecy. Not one has failed or ever will fail. Every prediction of God will meet its complete fulfillment at the very moment when the time for its fulfillment is reached."

"God has declared the end from the beginning, and we are now living in a time when many of the declarations of prophecy have been fulfilled and can be definitely proven. For instance here is the first one in the Bible, Gen 2:17; it declares that if Adam would disobey the command of God it would result in death. The whole human family is on a funeral march toward the grave as proof of the truthfulness of this prediction."

He further called attention to many prophecies made to the Jewish people all of which have been definitely fulfilled in our day. In conclusion he read Luke 21:26 which declares that the time would come when men's hearts would fail them for fear and for looking after those things that were coming on the earth. Today we see this prophecy literally fulfilled before our eyes. Statesmen are at their wits end. They know not what steps to take or moves to make for the betterment of existing conditions. One cries this way and another that. They agree not. It is a time of uncertainties. Today as never before men must turn to the word of God as the only guide for bewildered humanity. It will be found a beacon light leading straight to a place of safety."

The subject for tonight as announced is, "Prophecy and the Peace League."

tial donation from every one. This is not a money making proposition for any one connected with the association as all officers serve gratis, it is gotten up solely for the benefit it gives to the poultry fanciers and the advertisement it gives to our towns and county.

Poultry Association To Have Fall Show

The officers of the Tennessee Valley Poultry Association held a meeting Saturday night in the office of their President, Judge W. T. Low, and decided to put on another poultry show this fall, Nov. 1 to 6. Much business of importance was transacted. Mrs. W. R. Smith was appointed chairman of the Finance committee. This association held a very classy show here last fall and the coming show will far surpass the one of last year as all of the officers are more familiar with their duties.

One of the best judges in the United States will be secured and a very large entry is expected.

All members are requested to mail their dues to W. F. Rauschenberg, treasurer.

All poultry fanciers are invited to join the association, this will put them in line to compete for all special prizes awarded to members. The show will be held in the rooms of the Malone Coal, Grain and Motor Co., where it was held last year.

Everyone interested in the poultry business from any standpoint should join and help boost the town as well as the poultry business. A committee will call on the business men of the two towns within a short while for donations to help put this show on. As this is a worthy cause and a great boost to this section of the state, this committee should receive a substan-
